Prerequisite Form

UTD requires each student to verify that they have had the prerequisites for this class. In order to facilitate this process, a modifiable PDF file has been placed on eLearning that asks you to explicitly state that you have had the prerequisites. You should download that file, fill it out, and upload it into the "Prerequisite Verification" entry in the "Assignments" folder on eLearning. Note that this is a requirement and must be completed within the first two weeks of the semester. Failure to do so will result in loss of 20 points on your final accumulated homework points.

You may "sign" this file by typing your name in the appropriate box. However, please be aware that the authentication for this signature is derived from your login credentials on eLearning. Do not allow anyone else to fill out or upload this document for you.

In addition to the above responsibility, you must also let the instructor know if you do not have the prerequisites for this course. In such a case, permission from the instructor will be required to take the course. Failure to inform the instructor will be taken as an affirmation that you have the prerequisites.

Computer Science Department
Pre-Requisite Verification Form

All students are required to fill out sign and return this form to the instructor. If a student violates an admission condition or does not have the required prerequisites for a course in which he/she is registered, the student may still have to take the prerequisite before being allowed to graduate. It is the student's responsibility to satisfy all prerequisite requirements.

(Students dropped from classes due to lack of prerequisites will not receive tuition refund)

Student Name: Iniyan Joseph UTD ID # IIJ210000

Student Department: Erik Jonsson School of Engineering and Cor

Course Name: Software Engineerin Number: CS 3 Section: 006

Prerequisites for this Course:

1. What are the prerequisites listed in the catalog for this course:
